Jim,

I'm not sure what you are asking for outside of what is already filed in SEMs. The attached documents are what I have on my computer but are likely duplicates of what you already have. I don't have any files on my computer that are not already available through SEMS. But let's discuss. Thanks.

Petra

Hi Petra,

Do you have 2002-03 era soil and groundwater data in electronic form for Griggs? We need it to respond to a discovery request.

Thanks

Jim
